Chronic Nuisance Property Ordinance

Tools for neighborhood support

Neighborhood Enhancement Program **“Nurturing Our Neighborhoods”**

Designed to help “spiffy up” neighborhoods and “strengthen ties”

Block Grant Administrator (360) 473-5375

Chronic Nuisance Property Ordinance

The general provisions of the “chronic nuisance property” ordinance include:

- Hold property owners responsible for chronic nuisance activity on their property.
- Specifying defined criminal activities and time frames necessary to trigger an action under the CNP ordinance
- A review process to insure that complaints are valid
- Notification to property owners that problems exist and opportunity to correct with no further action on city’s part.
- Graduated penalty process ranging from monetary fines to property abatement for property owners that do not correct nuisance problems on their property.

Landlord Notification Program

Inform landlords in your neighborhood about this program so they can stay informed about police activity occurring on their rental properties. Landlords receive timely emails (free of charge) whenever a police incident occurs on their properties.
