

MAYOR'S REPORT

June 4, 2025

BREMERTON

WASHINGTON

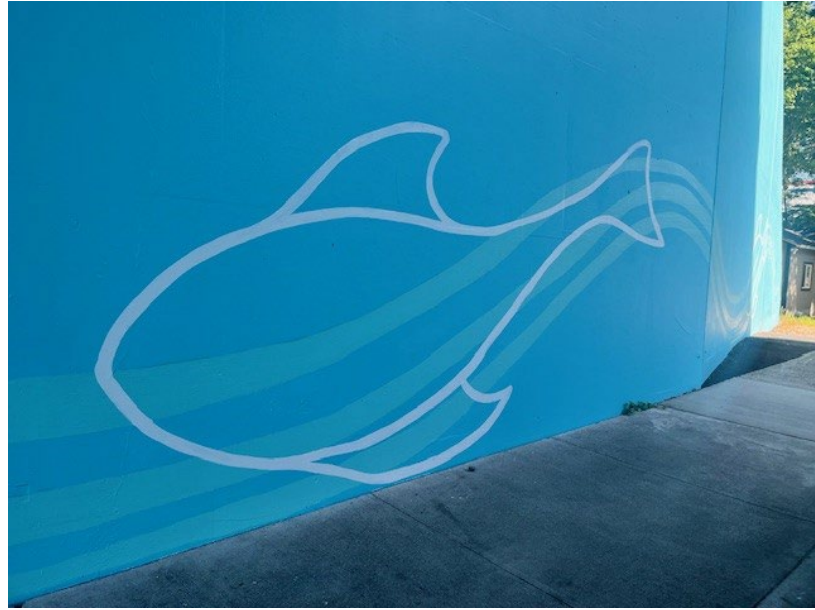

MultiCare Neighborhood Emergency Room Update

Opening on Monday, June 9!

Wycoff Ave Wall Art

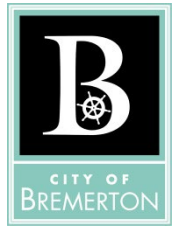

City Sewer Lateral Lining Program

- In 2020, City purchased equipment to install Cure-in-Place pipe for sewer laterals
- Goal was to reduce cost and improve customer service
- Reduced repairs from 3 – 4 days using a contractor to 1 – 2 days with the City doing on its own
- City typically lines 40 – 50 laterals per year
- About 208 laterals have been completed, saving the Utility approximately \$1.7 million

6th Street Preservation Phase 3 Project – Final Water Line Connections – Moving Towards Completion!

Project Update:

- Final connection of new water main to existing system scheduled for the night of Thursday, June 5. All affected residents have received notice.
- Night work to minimize impacts to businesses and residents
- Work and water outage anticipated to occur from 9PM to 5AM

Work Locations:

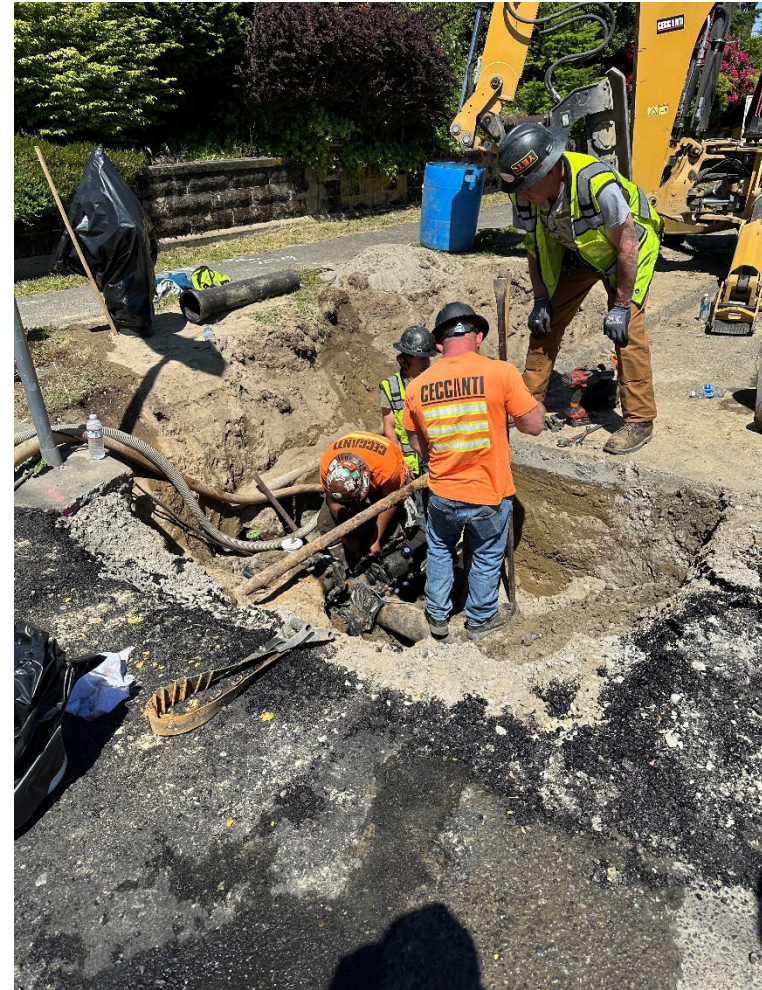

- 6th Street / Broadway Avenue
- 6th Street / Warren Avenue
- 6th Street / Veneta Avenue

What to Expect During Construction:

- Limited nighttime noise and lighting
- Traffic control at intersections
- Brief water service interruptions

Public Benefits:

- Reliable, modern infrastructure
- Improved fire protection
- Minimal daytime disruption
- Supports community growth

6th Street at Chester Avenue Water Line Tie-In
