## **RESIDENTIAL CARPORT HANDOUT**

### **When is a permit required for a residential carport?**

All carports require application for a building permit

### **What information is required to apply for a permit?**

Your proposed project must have reviewable carport plans. These plans must contain the following information checked below to be reviewable by the Building Department.

	Plans must be fully dimensioned or to scale
	Provide a site plan (see handout) showing carport(s) in relation to property lines
	Provide elevation drawing showing final grade of surrounding ground
	Show height of floor above finished grade
	Indicate type of parking surface
	Show direction posts and beams
	Show connections: post to beam, post to pad or foundation
	Indicate method of attachment to house
	Show roof framing detail, roof covering (if applicable)
	Show all wood as being treated or of natural resistance to decay
	Show lateral support system
