

### **City of Bremerton Notice of Herbicide Application**

The City of Bremerton will be hand-applying a diluted solution of the herbicide Glyphosate to city arterial street sidewalks beginning this spring, depending on weather. This application will be performed under the direction of licensed applicators to control weed growth in the concrete expansion joint between the curb/sidewalk, and at the back of sidewalks if needed. Two to three applications of herbicide will be applied throughout the growing season. The streets are:

11th Street, Washington to Kitsap Way  
6th Street, Callow to Washington  
Auto Center Way, Loxie Eagans to Kitsap Way  
Burwell, Washington to Callow  
Callow, 11th to 1<sup>st</sup>  
Callahan off Ramps  
E. 11th, Pitt to Perry  
Kitsap Way, west city limits to Callow  
Lebo, spot locations  
Lower Wheaton Way spot locations  
National, Kitsap Way to Burwell  
Naval, 1st to 15th  
Park, Burwell to 11th  
Perry, E. 11th to NE Stone Way  
Pitt, E. 11th to E. 15th  
Schley, Wheaton Way to Sheridan  
Sheridan, Pine to Cherry  
Sylvan, Pine to Petersville  
Trenton, E. 11th to Holman  
Warren Avenue, Burwell to Sheridan  
Washington, 1st to 11th  
Wheaton Way, Sheridan to Riddell

Please contact the City at 360-473-5920 or [Bremerton1@ci.bremerton.wa.us](mailto:Bremerton1@ci.bremerton.wa.us) to notify the City if you would prefer the herbicide not be applied to your street frontage. Residents are responsible for controlling vegetation growth on their sidewalk frontage in that case. The Glyphosate Safety Data Sheet is available by calling or emailing the city at the above numbers/email address.
