\$ 104,681,566 (pending)  
+ \$ 28,639,551 (approved)  

---

\$ 133,321,117 (total)

# City Seeking Public Feedback on Cable, Internet and Broadband

- The City of Bremerton is looking at ways to improve cable, internet and broadband in our area.
- We want to hear from the public on what's working and what can be improved for residents.
- A new survey will be launched soon to gather public input. The survey will be available online on the City's website and via paper copies at local libraries and other locations around the City.
- This is an opportunity to help shape cable, internet and broadband services in our community!

Residents can learn more about the upcoming survey at [BremertonWA.gov/CableSurvey](https://BremertonWA.gov/CableSurvey). The survey will be launched via the City's communication channels when it goes "live."

# In Celebration of Arbor Day...
